OFFICE

Beautiful and healthy environments make people excited about coming to work. That's why we take pride in helping create beautiful and functional offices and workspaces that make it possible for people to do their best work. And more importantly, one that captures your company's culture and the lives of the diverse people who work there.

HOME

Renovations + Painting

Your home is the centre of your life, the place that you always come back to unwind in and just be. That's why we put your needs first in creating home interiors that are designed for living. And more importantly, one that feels personal and is an extension of you, your family and your life.

What we do

Creating spaces that
**capture the
essence of living.**

With over 30 years of knowledge and experience in the **painting, renovation and building industry**, Decor8 offers high-level service and quality workmanship for domestic and corporate renovations.

Each project is different and every client's space and journey with us is tailored to them with great care and special **attention to detail** thanks to our personalised approach to design and our team of **skilled artisans** which has contributed to Decor8 becoming a **Plascon Preferred Applicator**.

This is the Decor8 approach.

We've successfully worked with a long list of companies including **Standard Bank** and **Broll Property Group** in addition to the many homeowners we've been proud to help over the years.
